Aviation Services

When the prospect to be a possible support services provider for Macroasia in Davao surfaced, Asiapro saw an opportunity for the cooperative to venture on to a new business platform to further diversify and expand its horizons in the Philippine Aviation Industry. Consequently, in order to be able to penetrate the mainstream aviation in Manila, an interim team from the Managed Services Group embarked on the application for Manila International Airport Authority (MIAA) Accreditation. After the release of the MIAA Accreditation, the Aviation Services was formally established. Despite being new, Asiapro's Aviation Services has already established its name in the Aviation industry, with the clients trusting us to deliver quality service.

Services Provided:

Station Management – check in to baggage drop to ramp to build up area, basically to represent the airline itself

COMPETITIVE ADVANTAGE

VALUE FOR MONEY

- Fixed rate – all-in services fee.

FULLY EQUIPPED TEAM THAT RESULTS TO INCREASE IN PRODUCTIVITY

- Dedicated team who are experts in Aviation Industry
- Investment in equipment to increase member productivity

WORRY-FREE, SELF-MANAGED OPERATIONS

- End to End HR Services - Dedicated back office support to handle sourcing, applicant screening, member concerns and payout.
 - Self-Managed Recruitment and Records and Payroll Operations
- Employee Engagement to Increase Productivity
 - Trainings for members

Aviation Services

- A pioneer and specialized industry which focuses on both above-wing and below-wing facilitation.
- We have become a station manager for a start-up airline.
- We are an accredited service provider in three major airports – Manila (MIAA), Clark (Clark International Airport Corp.), and Cebu (GMCAC).
- We were able to establish our presence in the aviation industry and subsequently made an impact that sufficed to create awareness of it.
- The group was able to develop the aviation business at NAIA Terminal 4 when we started providing services for Air Swift MNL.
- We provide technical jobs in aircraft manufacturers and airports and those related to air-traffic control, maintenance of aircrafts.
- Service related jobs are from front office management to cabin crews, in-flight staff, front desk management, ticket handling, etc.
- We are the accredited janitorial service provider of Philippine Airlines and Emirates.
- Moving forward, the Aviation Services Group aims to develop business with one of the largest service providers for Philippine Airlines and Macroasia Airport Services Corporation (MASCORP), nationwide.
- Amidst the **PANDEMIC CRISIS**, we continuously provided services to our clients to handle repatriation flights and cargo flights.
- As a health and safety protocol, **special PPE's are provided** to our members.
